This is a custom made none sterile dental device that has been manufactured solely for the use of the patient referred above. The device has been manufactured using all the information supplied by the dental practitioner, and unless stated, fully meets the prescription supplied. This device conforms to the essential requirements of Annex 1 of the Medical Devices Directive 93/42/EEC and the United Kingdom Directive Regulations.

Here at Prime Dental Laboratory, we care for your privacy. That is why we have taken appropriate measures to ensure that the data you have provided to us is always secure. If you have any questions related to GDPR compliance or data protection, please see the gov.uk website for more information.
